Blue Ridge Parkway (National Geographic Destination Map)

Synopsis

â ¢ Waterproof â ¢ Tear-Resistant â ¢ Travel Map

The Blue Ridge Parkway is a winding route that traverses some of America's most picturesque scenery. The Parkway is America's most visited National Park unit and when combined with Skyline Drive through Shenandoah National Park, also covered in detail on this map, a travel experience of over almost 600 miles is created. The Blue Ridge Parkway starts in the south at the foot of the Great Smoky Mountains and runs along the Blue Ridge through several National Forests from North Carolina and into Virginia. National Geographic's Blue Ridge Parkway Destination Map strikes the perfect balance between map and guidebook and is ideal for a wide range of travelers. Destination Maps combine finely detailed maps with fascinating and practical travel information. The front side features a large-scale map of the Blue Ridge Parkway in North Carolina and Virginia and Skyline Drive in Virginia, richly layered with travel information and beautiful photographs showcasing some of many ways travelers can experience the road known as "America's Favorite Drive". In addition to the easy-to-read map on the front, the reverse side includes regional descriptions, arts and culture finds, and visitor resources. Explore detailed insets of the Great Smoky and Shenandoah National Parks. Some of the extra features include: Charts detailing visitor centers and nearby state parksColorful photographs featuring the region's enchanting landscapeHistory, leaf viewing, wildflowers, wildlife, and places to visitDescriptive content highlighting outdoor recreation opportunities, water recreation, camping, hiking, and the Appalachian TrailEvery Destination Map is printed on durable synthetic paper, making them waterproof, tear-resistant and tough â  capable of withstanding the rigors of any kind of travel.

Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.

Like others have said, it is a typical general map with a large scale that only depicts cities, Interstates, other routes, and topographic features. There is only a small insert of the Skyline Drive that assists in any enlargement of the Parkway

We are planning a road trip and this map is coated for hard wear and has great detail. We also purchased the guide book. We are enjoying doing the research for next year's trip!

good map but for my old eyes its a bit small

We had no idea where we were at without this map.

Solid Map of Parkway

Just what we needed

Nice map but I found I didn't need it. The parkway is well marked and a ton of mobile web sites
