## Customer Reviews

I wish it had more of the vocal parts written out. I wanted to sing something with a few others, and really just the main part is written on most of the songs - I guess the others just harmonized as the spirit led them!

Great thanks

To be honest, I'm 50 years old, and I was NOT a huge fan of Peter, Paul and Mary during the 1960's. But they did several songs I wanted music for to play at home on my piano, and this really is a wonderful collection of MOST of their major hits. A few are missing (The Wedding Song, recorded long after the 1960's, I believe; 500 Miles). The arrangements are interesting, moderately difficult to play, but very enjoyable. I'm delighted with this product.

It is a great collection of the songs by Peter, Paul and Mary. i would recommend it to any one who

wants to have sheet music of their songs.

Not only does this collection include all of the familiar songs by the trio, but a whole bunch of them that I've never heard! I expect to spend the next lifetime mastering just the ones I know!

Brought back a lot of memories from my college days.

I've used it with a group for entertaining and it was enjoyed by all. The book is somewhat difficult to keep open when playing the piano.

An outstanding collection of songs in a useful format. The "used" copy I received is literally "like new." I am thrilled to have this collection of songs.
