(5 1/2 X 8 1/2, 256 pages, maps, icons)

The seller was excellent. I received the book in excellent condition and before date expected. The book however is a bit out of date on the rates and some businesses, restaurants and activities are no longer available or open for business. I would highly recommend that if you buy this book that you research all desired travel plans on line and call before going. I got this book to "help" me research for things to do on our vacation to NH but I confirmed our plans on line before we went so we where not disappointed to find out something was closed or cost more.

I got this book because our family was moving to NH. I have a 1 year old and 3 year old. It helped us to explore the region without wasting our time.

The book's scattered organization and weak index make it difficult to weed through its often already outdated entries. Some of its listings had been closed for a few years before the book was even published. A guidebook for things to do with kids is needed in NH where you often have to stumble upon things to find out about them, but even in this book you have to stumble upon entries.

satisfied. Now that's a product....This is a solid piece of steel... Much more than I expected.... this price is valuable. i need it , just fine,
