STRIPPED (The Slate Brothers, Book Three)

Synopsis

Meet The Slate Brothers. Each One A Football Star. Each One Sexy, Rough And Completely Untamed. A standalone romance with a guaranteed HEA I can't believe I want to f**k a football star. I'm so not that girl. I've always been a nerdy loner, my head in a book. And that's how I prefer it. But Tyson Slate is different, and for some reason he keeps teasing me, toying with me, touching me and making me melt. I try to resist him but he's so undeniably sexy, with muscles that I want to run my fingers over and gray-blue eyes. I try to pretend to be calm when Tyson is near, not wanting him to see how he's flustered me with his words and his looks and that hard stare. I can't understand why he seems to want me, out of all the hot girls lining up to be with him. But maybe it's because I'm different, because I don't come from his world. Maybe that's why he can be himself around me, let his walls down for just a little while, and then touch me. God, the way he touches me. The way he looks at me. I'm falling for him and he's only going to trample my heart. But Tyson Slate always gets exactly what he wants. And he wants me. Hard. Deep. Stripped of my defenses. And he won't stop until he gets it.

Customer Reviews

The book to me was kinda unresolved. I understand the focus on each beither but the situation with their dad was a story line and it was not clearly resolved or explored. I just think that if that was going to be the base premise of wash book beside the like of each brother. It should have ended more clearer. What happened to the father and what was the end result of the situation with the mom. What happened that bring the brothers back together. I was expecting in the last book to bring closure to the whole series but we didn't get that.

Love Harper James books, You must read All of them!! They are fantastic, romantic, and can help pep up your love life ;)

This series was awesome. Loved reading all three books. Could not put them down. This was the first series I read by this author. Just wow.
