Customer Reviews

“A classic in children’s literature for nearly half a century, The Berenstain Bears are back with four all-new books that teach children how God wants them to live. These picture books focus on doing the right thing, saying prayers and going to Sunday school—all through the silly antics and delightful humor of the bear family. (Focus on the Family Clubhouse Jr)” “Fans of the series will feel right at home with the familiar story structure and cheery illustrations. (Kirkus Reviews)” “Preschoolers will love exploring classic Bear Country with the familiar Berenstain Bears in their newly released faith-based series” (Children’s Ministry)” “Michael’s enthusiasm about his work is contagious. He is not only committed to creating sound, edifying instructional literature for young children, but he is energized by his continuing opportunity to challenge children and their parents to think seriously about significant life issues and practices such as giving thanks, loving near-and-far neighbors, applying

the rules of good sportsmanship and nurturing relationships with each other and with God. (Homecoming) (Homelife) The Berenstain Bears and The Golden Rule does a wonderful job of presenting a very basic rule of good behavior to young children in terms they are able to understand. The Berenstain authors have certainly continued the beautifully written and enjoyable books children have grown to love for many, many years. For those previously acquainted with these wonderful stories, a faith-based series is a welcome edition. If you are finding Berenstain books for the first time, you will be pleased to begin with Godly rules of character as you get acquainted with the Bear family in their beautiful tree house in Bear Country. (-The Old Schoolhouse Magazine)

The Berenstain Bear series helps children learn how God wants them to live every day. When the Bear family practices going to church, praying, and being kind, plus remembering how much God loves them, their lives are much more joyful. Should Sister Bear ignore the new girl at school just because her friends do? The Berenstain Bears and the Golden Rule shows children how choosing to be kind may not always be the easy choice. But it is always the right one.

The illustrations are just as I pictured and remembered as a child. I loved the Berenstain Bears as a child and now love them for my daughter who also loves them! They are fun to read and they teach good morals to live by.

WHO doesn't love the Berenstain Bears!? These are household favorites! And there seems to be one for almost every occasion. I get them for my kids as the situation calls for it. First day of school, Too much TV, Chores, New Baby, easing..... you name it. My 4 yr old is going to be getting a few of these for Christmas this year!! Cause Santa knows what's up!! ;)

I love how the message is delivered through very nice stories in The Berenstain stories in general, we order a few others but started by reading this one and both my boys 4 and 7 got instantly hooked and ask me to reread it daily, as well as the other books of Mike berenstain.

My family really loves the Berenstain Bears collection. The kids really enjoy the hearing the stories at night before bed. My wife and I really enjoy the fact the book is entertaining and educational. Each book shares a nice life lesson that's important and easy to understand. They aren't so long that the kids lose interest, but they are long enough to help the kids settle down at night. I would

recommend these stories for kids 4-10. Pros: Great message, entertaining, right length Cons: N/A

The Berenstain Bears is a very nice story to teach what the golden rule means. Will sister bear apply the golden rule?

Another great book by the Berenstains. I love the values they teach along with a knowledge of God. These are wonderful books and i especially liked this one for my granddaughter. Sometimes she needs this rule. ;)

Wonderful realistic stories that teach life lessons to children while entertaining them in ways they understand. In this particular book Sister learns what the Golden Rule really means while deciding how to treat a new student at school. Excellent.

The Berenstain Bears books are some of my grandsons' favorites. They ask for them to be read over and over!
