Cute story

The story was cute but many of the pages were blank where there should have been pictures. Not worth the money until the blanks are filled in.

I have a Beagle name Lucy. Really not much else to say about that, must own.

I ordered this book for my son. He normally only likes books if they have Spongebob or one of the other characters he likes in them so he didn't exactly want to read this book at first but he ended up liking it after all. I like the Step into Reading books and how I can pick them and know that they will be okay for his current reading level.

Excellent book for your kid. It has got good absorbing images especially if your kid loves animals. The language is simple and easily readable.

Quality product; easy transaction; prompt delivery; highly recommend!!

This is a darling book. I bought it for my grandchild who has a beagle named Lucy.

All the Step Into Reading books 3 are great for first graders - beginning or ending the year. It builds confidence in reading, but it takes patience and time on the part of the caregiver, as some words are a challenge to young readers. This is a good thing!!
