Ronaldo: Rise Of The Legend. The Incredible Story Of One Of The Best Soccer Players In The World.

Synopsis

“I’m living a dream I never want to wake up from.” Cristiano Ronaldo Cristiano Ronaldo is the modern-day icon. On an almost daily basis we see hear his name on the news, see his face on any number of TV commercials, and marvel at the magic show he puts on every weekend when he takes to the field. He is a celebrity whose image and influence affect our popular culture and a soccer star that has been compared with some of the world’s best athletes. But Cristiano was not always the popular, mega-celebrity, soccer superstar that he is today. The success that he enjoys has come from years of hard work and sacrifice that have helped him overcome many obstacles and difficulties in his path. In this book, we’re going to take a look at the life of Cristiano, beginning at the time he was a rising star whose career was threatened by a strange heart condition, right up until his third Ballon D’Or recognition. We will also follow Cristiano off of the field to see his impact on popular culture and his life beyond soccer.

Customer Reviews

Good Book if you are a CR7 Fan. This book talks about Cristiano Ronaldo’s life from going up in

Madeira to where he is today. If you enjoy soccer and want to read his biography I would recommend this book. It has pictures however I do not think it is for kids, but as other reviewers state, more for teenagers and adults. Overall a good read because I like the way he plays. We received this product with a discount from this seller in exchange for my honest and unbiased review. These are my opinions on the product. Different people may have different opinions and feelings. I am not receiving any other monetary compensation and I am not required to give a good review which many times I do not depending on the product. If this review is helpful to you, please vote for the review as Helpful, I rely on reviews for purchases and have tried to do my best in reviewing this product as I am using it by myself, so that this evaluation will be helpful to someone in purchasing this product.

This was a great read. I have been playing soccer since I was little, and he has been one of my favorite players for years. It was really cool getting to read about him. As a huge sports fan I always like reading about the players and what they went through to get to where they are at today. 5 star, highly recommend for any soccer player or soccer fan.

The writing is not the best, but this is a good book for kids interested in CR7. I like that the author included CR's views on nutrition and health. I bought this book as a motivation for my son and he enjoys it. I like the focus on the hard work and obstacles CR had to overcome to make it to an elite level. Overall it has a good message and I would recommend it.

I got this book for free. I thought it might be good for me to read to my kid and maybe show some pictures, but not a kid book. Maybe more for a highschool kid or a fan to read. Not a hard read, so might be boring for an adult. Very informative.

I enjoyed this book. I have two sons who have become soccer nuts, so I am still learning my way around the soccer world. I had no idea that Ronaldo came from very humble beginnings, and that he made soooo much money. Soccer money is crazy. It is important to understand that this book is written for and marketed to kids, not adults. I usually wouldn't read this through, but I enjoy a good rags to riches story, and Ronaldo has intrigued me. The guy got expelled from school at 14! Actually some interesting stories in this book, and would be a good read for the soccer fans in your family. I received this book at a discount in exchange for my honest review. All opinions are my own.

This review is for the product Ronaldo: Rise of the Legend. The incredible story of one of the best soccer players in the world. Kindle Edition. I got this book for my 11 year old son who has played soccer since he was 4. It was written easy enough that he could read it. He looks up to the professional soccer players and learn quite a bit from this book. It really highlights the fact that he wasn't just born with star talent without tons of practice. It also highlights his struggles since growing up. This would be a nice gift for anyone young or old who enjoys biographies. I would have included the names of the chapters for you, but it appears my kindle unlimited app is no longer valid. If you have found this review helpful in anyway than please like it below. I was given this book for free in exchange for a complete and honest review of this product. It has not effected my thoughts of the book. Happy reading!

Christiano Ronaldo is a current soccer player and star for Real Madrid. The book covers his childhood up to his success as a pro soccer player and includes insights about some of his games. Ronaldo is one of the best 1v1 players in the world and I enjoyed reading about how he has become such a great soccer player. I would recommend this book for anyone who loves the game of soccer or is a fan of Ronaldo .He is the greatest soccer players of his generation. Most fans are aware of his successes for Real Madrid and the Portuguese national team, but in order to truly understand Cristiano Ronaldo, you must first understand where he came , Ronaldo's upbringing and details his breakthrough onto the world stage, i received this book for free for my true and honest opinion This book was a good and easy read, if your a soccer fan this rags to riches story will insired you.

This is a pretty good kids book, but I'm not sure older teens or adults would truly enjoy it. My family loves soccer, all the European blood I suppose. My oldest brother was never a fan of Ronaldo- but I encouraged him to read this book to learn more about him before judging him. His opinion made a 180 turn. He thinks he's great now, considering he got expelled from school at the age of 14 and truly is a rags to riches story. The book even has pictures in it, for those kids with shorter attention spans like I had. Anyways, I think this book is really great if you truly, truly love soccer and want to know those kind of details about a soccer players life, like my brother! For me, it's 3/5 stars :) Please keep in mind the kindle version is free if you try out Kindle Unlimited for free!! Just remember to cancel Kindle Unlimited before you have to pay for it. The seller of this product has provided the product at a discount in return for a truthful review (Even though the kindle version is already free- so don't let that sway you). I was not compensated in any way other than my honest opinions and

evaluations of the product in question and I am not required or forced to provide a positive review in return for the discount I received. I thoroughly examine and utilize each product prior to posting a review and an examination of my reviews on this site will clearly show that I am completely honest. Thank you for reading this review and good luck with your purchase!
