I've been using this book a ton for both piano and guitar.Most songs are in keys of C, F, or G - so easy to play on piano... but still challenging/full arrangements for a beginner.My only wish is that it could be spiral bound so that the pages stay open on their own. I must use a clip or two.

Great for beginners. I haven’t played the piano in many years and this music was easy to read.

Very easy arrangements, and who wants seasonal music to be difficult? My favorites are all included, and every song I’ve tried (only about 6, as we haven’t even done Halloween yet) sounds good, despite the easy arrangements. And experienced players can aways embellish. I never played Christmas music before, but I will now. The chords are noted, too.

Dan Coates is the best. I got waaaaay out of practice this last year and when Christmas started rolling around I had the "oh s***" moment. This book is perfect, and what’s better is that it has all the chords right there so if someone requests something I don’t really know I can at least fake it pretty well!

Perfect level of difficulty for someone who used to play and is trying to shake off the dust. I played for years growing up and then decided to give it another try after not playing for 15 years and I’ve had the most difficult time finding things that aren’t so hard that I get frustrated or so easy that I get bored. There are some more difficult songs that I’m not ready for yet but there are plenty of others to practice on. I’m really enjoying it so far.

Came in great condition. Lots of variety with songs. I don’t like how easy they are. It’s not the actual song simplified. It’s like the vocals written down. So it sounds much more like the vocals than any background piano you hear in the song. Still a good start for beginning piano.

Bought it for a Christmas Party ... as much for the lyrics as for the music since my lady is a concert pianist. She added to the printed score so it’s hard to say what the precise printed score would sound like but everyone had a ball.

This was the 2nd book I purchased for my daughter who is getting a keyboard for christmas. I chose this book bc she loves all the songs in this edition and she wants to learn how to play every one of them. As I was looking thru here I was amazed at how well this book was put together so kiddos to Dan Coates for making this book of all these great songs. Shipping was so fast and I was shocked when it came in only days after ordering so thank u for that! I can’t wait til my daughter learns how to pay the songs from this book!
