Swift Walker: A Journey Around The Oceans: Science And Geography Books For Kids (Volume 2)

Synopsis

Fuel Your Child's Imagination with Real Information Swift Walker's speedy legs take him on a journey across the continents to see all the oceans of the world. Join Swift Walker as he races along the Arctic Ocean, the Pacific Ocean, the Indian Ocean, the Antarctic Ocean, and the Atlantic Ocean, and still make it home in time for dinner. "Wow," he said. "Amazing!" Swift Walker introduces kids to the continents, maps, and basic geography concepts with a fun character they can relate to. Swift Walker books are perfect for home, school, and homeschoolers. Each book contains maps and large, colorful illustrations. Parents love the facts. Kids love the adventure. Available in print, ebook, audio editions. Get a copy for the child in your life today.

Age Range: 5 - 8 years

Grade Level: Kindergarten - 2

Customer Reviews

This is a really good book for little kids. It's full of bright, colourful illustrations and kids can follow the dots and follow Swift Walker's journey around the oceans. They learn about an animal at each location and the names of various country names that he passes through to reach the oceans. The summary at the end ties it all together with some new information. The cover is misleading. I was expecting an underwater adventure. Swift Walker does not go underwater and discover underwater creatures as the cover seems to indicate.

Using this with my geography class. It is fun and engaging. Love Swift Walker.

My kids love Swift Walker and ask to read this one in particular again and again. Great details, engaging kids with details that make them ask questions and want to learn more! It is an excellent addition to my homeschooler's curriculum.

I love finding books about little black boys that aren't about sports!! Representation is so important. My nephew wants to be an oceanographer when he grows up; this book is a perfect gift!!

I have read all three "Swift Walker" adventures and I must say he has a way of bringing you along with him. It's a learning experience that your child will want to read over and over again. What's next?

Love it!

It is a great and easy read for my toddler. He loves the adventures very much.

Love the excitement and how much my daughter knew and how it was able to educate her more in the World Ocean
