Haunted Covenant (Dying Covenant Trilogy Book 1)

Synopsis

Being a parent isn't easy. Zoe Lake-Winters knew that before she took on the job, but twelve years after giving birth â “ a legendary event that she's still talking about (with only minimal complaint â | most of the time) â “ she's still getting used to not being the most immature person in the room. Sami Winters is every mother's dream â “ if every mother's dream includes an eye-rolling snark factory who is desperate to fit into a snotty tween world, that is. Still, Zoe and her husband Aric do their best in a difficult world. Of course, being the most powerful mage in the Midwest only adds to the problems, and when someone starts hijacking Sami's dreams on the eve of her birthday, Zoe finds herself in the middle of a paranormal mess. Shades haunt the woods surrounding the Winters house, and they share a goal: Getting Sami past her parents' impressive defenses and luring a defenseless child into the wilderness so they can harness her burgeoning powers. Zoe will do anything to protect her only child, but when the face of evil finally reveals itself, she finds the dangers of the past threatening her happy future. Can Zoe and Aric keep their only child safe? And, more importantly, as Sami comes of age, will she prove to be stronger than either of her parents ever envisioned? Only time will tell, and the day of reckoning is finally here.

Zoe Lake-Winters is a one touch mage. I have enjoyed reading the Covenant trilogies. They are awesome and Amanda M. Lee being one of my favorite paranormal authors just has a way with describing her characters that has you laughing out loud while wishing you could get away with saying some of the unfiltered comments the characters make. Zoe for example has no filter. Aric, her husband and love of her life can be very politically correct unless he talks about Zoe and their antics and then he loses his filter on speaking and actions too. They are an awesome team, couple, parents and bass ass paranormals. Must read this series but to truly appreciate it you have to start with the first Covenant trilogy.

Five stars, because Ms. Lee has begun her summer series featuring Zoe, Aric, Sami, family and friends. It would be a boring summer without reading about Zoe's antics and now, a new generation is added. I can't wait to see what the rest of the series will bring but I do know it will be pure magic as only Ms. Lee can create. No spoilers, only a nudge to pick up this summer's hottest series and the pure bliss of immersing into the action. Enjoy!!!

I love that even though years down the line Zoe and Aric are still the same, in love and family. Snarky comebacks and all and now they have a miniature version of a mixture of them both. Can't wait for the next installment;)

This was a great book. I was not thrilled that Zoe was pregnant, but I loved how Sami is as smartmouthed as her mother. This book did not disappoint at all. Of course this author never disappoint s.

I enjoyed the new book. It showed the trouble with teenagers and the trouble with the paranormal kids also. Thanks.

I'm glad we get to enjoy the second generation grow up! Sami is an amazing character and I'm looking forward to see how much trouble she and Trouble get into.

Never disappointed by this author! If you want a life quick read on a dreary rainy day, this is a recommended book.

Funny, exciting, & snarky. I love this series and this book does NOT disappoint. LOVE IT!
