Gr. 6-9. The cat Fireheart and his fellow ThunderClan members are back in the fourth installment of the Warriors series. In this episode, Fireheart has been deputized to replace the ousted rogue cat Tigerclaw, but his new job is made harder by the lingering apathy of the clan's leader. Fireheart must overcome doubts about his ability, struggles with his apprentice, a deadly fire that threatens to finish off the clan, a potential new love, and an enemy that returns from his past. Hunter once again tells a good, suspenseful adventure story that urges readers onward, and teens may find their own journey toward adulthood echoed in the protagonist's struggles and self-doubts. Although

background from earlier books may be useful, this can be read on its own; a handy list of characters at the beginning of the book will help readers keep track of Hunter's large cast. Cindy Welch

“A good, suspenseful adventure story that urges readers onward.” (ALA Booklist)
“Certain to please any young reader who has ever wondered what dreams of grandeur may haunt the family cat.” (Publishers Weekly)
“[A] fast-moving series. The story is suspenseful; the feline characters are engaging and endowed with authentic cat mannerisms and behaviors.” (Voice of Youth Advocates (VOYA))

I became interested in this series of stories as my niece was pursuing her summer reading program. I picked up book one when she was in the midst of book three. Without planning a contest I quickly overtook her progress and subsequently purchased the remaining books of the series. I found them well planned and the progression of the conflict among the cat clans reflected themes that are familiar. I enjoyed the stories and would recommend these for middle school and early high school readers. The cats as characters 'dissolved' for me as I related the friendship, animosity, power-seeking, fidelity to family, etc. to real life situations. The layers of the stories can be related in many ways to social situations of today's living. Good material for book club conversations with students.

My 8 year old daughter is IN LOVE with these books and we read them religiously every night. We've just started the 5th book. It has so many twists and turns. There are also well-written metaphors and similes as well as foreshadowing to help our family discussion of literary techniques. There are themes of loyalty (pure and conflicted), defense of those we love, betrayal and a belief in a higher power. I enjoy the cats' interpretation of the world around them. It cracks me up to imagine these cats performing tasks that would require opposable thumbs, but the suspension of disbelief is usually required to enjoy literature!

These were some of my daughter's favorite books when she was young, and she recommended them to all her friends.. She made me buy each new one in hardback the moment they came out, which wasn't cheap. She hung on to them for ages, until parting with them as a young adult. When I saw this series was on the Kindle and on sale, I had to buy them for nostalgia's sake and for her to

read again. I will reading them myself at some point.

Congrats, Erin Hunter! You've hit a home run again!!!!!! I rate Warriors #4: Rising Storm (Warriors: The Prophecies Begin) 5 big fat stars because there is so much suspense! It is also written very nicely, and u can imagine that these kind of hard-core cats would do exactly what Erin Hunter set them up to do! Example: Clan cats aren't gonna call the thunderpath the road, nor are they gonna call "monsters" cars!! Great job Erin, once again! This book starts out mild, as Fireheart struggles with his new duties as deputy after Thunderclan exiled Tigerclaw after he tried to kill Bluestar so that he could become leader. But Fireheart knows that Tigerclaw is still lurking in the forest somewhere... Anyway, the action (as well as the danger that Thunderclan is in) grows when a fire makes its way through the whole of Thunderclan territory. Thunderclan has no choice

My daughter loved the book. I had a hard time getting her to read. This series did wonders. She loves to read now.

This book was so awesome I can not wait to read the next book in the series it will be spectacular!!

My 12 year old daughter loves this whole series. She gets very engrossed in these books and this series is also on her schools Accelerated Reading list that she has to do for school. So it is a win-win for her.

I'm a grandparent who has set up a family "book of the month club" for my eleven-year old granddaughter. Each month she selects a book to read. She became infatuated with the Warriors series by Erin Hunter. The series follows the adventures of four Clans (ThunderClan, ShadowClan, WindClan and RiverClan), large groups of feral or wild cats in their forest homes. So far she's up to date on the series. Here's an "eleven-year old reader's review of "Book Four: Rising Storm." "This book has a great plot, and a perfect helping of suspense, accompanied by the danger, thrills, and unexpected twists that has made this series one of my favorites. I highly recommend this book!" In Warriors: Book Four: Rising Storm, Fireheart faces fresh challenges as a storm approaches, and his Clan leader continues to be shocked by her former Deputy's treachery. And now that his sister's oldest son, Cloudkit, has become an apprentice by the name of Cloudpaw, Fireheart must take on the responsibility of mentoring the unruly young cat. Much of Thunder Clan makes this an even harder task, as they taunt Cloudpaw and refuse to accept him, as he is a kittypet by nature, not

Clan-born. Shadow Clan is blazing through leaders faster than they can handle, and alliances are being formed against Thunder Clan. Fireheart must be stronger and smarter than ever as treachery and traitors lurk in the undergrowth. I hope this review helps people! Eleven-Year Old Reader
