"I AM" The Open Door: Ascended Master Discourses

Synopsis

How to contact your Higher Self, the I AM Presence, and bring that love, wisdom and power into your daily life as a Master. Fourteen discourses given by Ascended Masters, beings who were once embodied on the Earth, but who raised their vibratory rate into a higher dimension, from where they now serve humanity. You can contact these beings through this book. Ten different Masters appeared visibly to Peter Mt. Shasta over a period of about two weeks to transmit these fourteen uplifting discourses. The power that emanates from this book explains why it has been a best-seller from its 1978 hardcover publication.

Customer Reviews

This book is small but packed with information. This book is not for the average person. This book is for those of you out there who can stretch your minds and open your hearts. It took me a long time to read it as I had to keep putting it down to absorb sometimes even ONE sentence. If you are on a spiritual path this book should be a part of your collection!

A must read!!! These are a collection of beautiful and precious spiritual gems that have been given to us by the great Masters in the form of simple but profound discourses; they are full of great Divine wisdoms and teachings that are meant to bring us on the path of the Truth, Love and Light. The book is a great read and the audio download is beautifully narrated by Mount Shasta's legendary and spiritual iconic figure, Peter Mt. Shasta. It is must read or must listen to on the audio download. Thank you Peter for sharing with us the great teachings that lead us towards understanding the I AM teachings, love, mercy, empowerment, spiritual laws and so much more. Your commitment to the Masters are inspiring! Blake Sinclair, author of Dare to Imagine and Beyond Imagination

This is a great audiobook for the dedicated spiritual aspirants. There is something very special about it, I listened to it many many times and I'll still listen to it because each time I play it, I get some new insight about how to evolve spiritually while still living a normal mundane life. It's Peter himself who reads the book with his loving and peaceful voice. Several ascended masters have taken part in this audiobook and I can really feel this book comes from a higher source, sometimes when listening to it I get the feeling to be in contact with high beings. I've studied several spiritual paths and what I like about this teaching is that it's very applicable to everyday life. The teaching is very simple but if practiced with sincerity it opens the door to deep truths and feelings inside us. I warmly recommend this book for anyone who sincerely wants to live in alignment with his or her Divine Soul. This is a book that it's good to listen many many times, and not only to hear the words spoken but also to feel the profound energetic vibrations it carries.

I read this book with no expectations but was overwhelmed with its simplicity. The energy I felt from this book kept my body humming for days. I understand and then I don't, but I will. It opened new avenues of thinking of myself as more than I am.

Great book for spiritual seekers. Really points the way to progress in reaching enlightenment. Highly recommend.

I could feel the energy radiating from this book the moment I touched it. Saint Germain has really taught me how to connect much better to my good self and to know that everything is part of a bigger plan and all I have to do is ask for help and it will be there before I can even finish my thought. Thank Mr Shasta and all of the ascended masters. You have really changed my life and will be forever grateful and appreciative.

love this book - i bought it a few times and gave it out as gifts as well. great messages from the ascended masters.

If you have conviction and a need to know then this book is for you.
