THE COMPLETE CANCER CLEANSE: A Proven Program To Detoxify And Renew Body, Mind, And Spirit

Synopsis

This book guides readers through a process of detoxification and renewal so they can partner with their physician to overcome cancer. Nutritionist Cheri Calbom presents detoxification programs for all organs and systems of elimination. And she shows readers how to build their immune systems and restore nutritional vitality through healing foods. Next therapist John Calbom guides cancer patients in a process of removing the mental, emotional, and spiritual blocks to their healing. Finally, readers renew their spirits through PurposeFull living, the journey Michael Mahaffey took as he experienced a new relationship with Jesus Christ, which led to his miraculous healing.

Cherie Calbom, M.S., is a nutritionist and the author of more than ten books, including the bestseller Juicing for Life. She is known as "The Juice Lady" to millions. Cherie's juice therapy and cleansing programs were part of St. Luke Medical Center's complementary and adjunctive cancer care treatment protocols. John Calbom, M.A., is a behavioral medicine specialist, psychotherapist, and priest in the Greek Orthodox Church. He was Vice President of St. Luke Medical Center and worked as a behavioral medicine therapist with cancer patients. Michael Mahaffey, P.C., was diagnosed with acute leukemia over twenty years ago and given about thirty days to live. Mahaffey defied the odds and went on to devote his life to helping cancer patients survive.

I just purchased this book after learning that my husbands Uncle has AML (acute leukemia). One of

the authors of the book was diagnosed with the same illness. He was told by his doctors he had 30 days to live and that was 20 years ago and he is still alive today. The book has some valuable information and I have started taking heed to some of it myself. I read this book aloud to my husband and his uncle and I feel it is comforting to them and gives them both hope. With hope and believe any thing is possible and I am grateful for this book, it's information and inspiration during this difficult time for me and my family.

A neighbor had stage 4 cancer and was assigned hospice. She used this book - the method can be time-consuming- and beat the cancer. I bought one for myself and have given away two to cancer patients.

Good reading, not too technical..worth the money. Was looking for a good book to send to cancer patient and this one was definitely worth the money..would recommend..

A good book. Very informative yet tedious. If you are looking for straight answers, there are others out there. This book gets the job done as long as you are interested in knowing **EVERYTHING** about it.

I wish that there had been recipes in this book. There are a few. It does give you the information on how to detox that is good and has a story of a cancer survivor. It does have a lot of helpful information in it. Would recommend it to others.

I found that it gives clear instructions and valuable information that helps me understand how the program works and is able to produce success.

Inspiring and informative. I can't wait to get started.

The Complete Cancer Cleanse is a book full of information to educate people about the benefits of natural ways to treat cancer. The author Cherie Calbom teaches about the ways to incorporate diet and juicing together with cleanses for all parts of the body to create a balanced body where cancer cannot survive. There is a true life story of a cancer survivor and also the emotional issues that may affect cancer sufferers are dealt with.
