Love her work, G rated comics great for young girls just getting into comics!

Vol. 1 was a little funnier, but as usual, these are great.

Another cute collection of princess comic strips.

Love Disney, Princesses and Amy Mebberson, so this was a must buy! I love learning about the mundane aspects of the princesses lives. The writers are also getting much better! The story lines and dialogue was so much funnier in this volume!

I love the Disney Princess Comic Strip collections, but it makes me laugh a little as it seems some Princesses either get a LOT of time on the pages or very little. This round went to Aurora for very little and Frozen didn't get put on the pages at all. There was a lot more of Tiana and Belle in this volume compared to the others. Still very cute and an adorable read. The characters stay in character so to speak, and the story lines are perfect for each character. A good read.

Another collection of princess comics that are everything I want in the Disney Princess brand-- funny, adorably drawn, and perfectly in keeping with who the princesses are in their own stories. Plus appearances by their sidekicks and families! My daughter loves them so much I may need to buy her a copy of her own as well.
