Fifty Ways To Teach Them Speaking: Tips For ESL/EFL Teachers

Synopsis

Teaching English as a second or foreign language is full of challenges: How do you hold students' interest? How do you ensure that they get enough practice to really learn? The Fifty Ways to Teach Them series gives you a variety of drills, games, techniques, methods, and ideas to help your students master English. Most of the ideas can be used for both beginning and advanced classes. Many require little to no preparation or special materials. The ideas can be used with any textbook, or without a textbook at all. These short, practical guides aim to make your teaching life easier, and your students' lives more rewarding and successful. This audiobook addresses the teaching of speaking, including fluency, pronunciation, self-expression, discussion skills, and presentation skills.

ASIN: B00IPYQHQE

Best Sellers Rank: #80 in Books > Audible Audiobooks > Language Instruction > English #237 in Books > Audible Audiobooks > Language Instruction > Other Languages #833 in Books > Audible Audiobooks > Nonfiction > Education

Customer Reviews

The first 25 points are more activity-oriented, most of the last 25 fall under "oh, yeah, and by the way" tips. Most of them, you probably have already done or thought of yourself. I think I found three that were "a-ha" worthy and that the class would do without feeling like I was insulting their intelligence or treating them like kids. (I teach adults.) Still, it's \$1, so how much of a wow factor do you really expect? It's worth what I paid for it, if only as a memory jog.

Not mind-blowing or ah-ha type moments while reading it, but it does plant some seeds into what could become better ideas if one thinks about the activities long enough. It's really basic and gives you a skeletal structure, but it takes the reader/teacher to fill it in with their own ideas. I'd say it's worth the pricetag.

I literally just learned a whole bunch of new games to use in the classroom tomorrow. Thank you! The well was running dry! I love how they are organized by function as well (e.g., icebreakers).

Lot of good tips. Explanations could be a bit more detailed. The price is right, that is for sure.

Great tips. It helped me through my classes.

A simple Google search would have proved more fruitful. The same old games with no new insight or twist. Extremely disappointed.

This book would be good for a beginner in ESL tutoring, but it did not tell me anything that I didn't already know.

Pretty much what it claims to be, this is a list of classroom exercises for ESL teachers. Worth the price.
