Interview Like A Boss: The Most Talked About Book In Corporate America.

Synopsis

NEW! Interview Like A Boss[®] is the #1 trusted and recommended choice by some of America's top employers and schools. Your resume will kick-ass, your answers will rock and your job offers will be exciting as hell. Whether you dropped out or graduated, you will soon master all aspects of interviewing & job hunting. Now for the first time, a book will make all the decisions for you. Just read what's inside, try out the lessons, and you'll be ready to go. Designed for those who are squeezed for time or need an epic turnaround, this exclusive edition is by far the #1 recommended choice – go ahead, take a peek inside! Every section is highly interactive, fun and, most of all, designed to give you enormous support, and that's why Interview Like A Boss[®] has earned international recognition for its award-winning lessons. Jam-packed full of immensely researched, specialized tools, Interview Like A Boss[®] spells out EXACTLY what to say and do at the application, interview and background check stage, including how to handle a criminal record (felonies or misdemeanors). Featuring never-before published information, you'll swing away at interviewing questions, discover hot job leads, negotiate like a pro and crush any obstacles in your way. Take a look at what actual readers are saying –

“Insanely effective. Exposes the secret inner-workings of the hiring process.” ~Vanessa D.

“My life was exploding in slow motion with massive depression and anxiety before a friend handed me Hans's book – I couldn't put the book down until I was finished – it gets rid of the fear that we're all being programmed into us.” ~Jose Luis G.

“Feels like I've been rescued!” ~Elizabeth M.

“As a felon, I was so afraid of rejection. I'm still in shock about the 2 job offers this week.” ~Chris A.

“If you can't find a job with this book, it's time to move to Europe!” ~Tyrell W.

Customer Reviews

I'm so glad I came across this book. This life changing piece of work motivated and encouraged me to make a positive change that I just kept putting off forever. I think it's a must read for anyone in the work force, job hunting or not. I loved the written humor and cool secrets inside each section. I also like the fact that it's incredibly user-friendly. It's organized so you can grab it for quick reference if you're on the go. It's very fast paced and so interesting that I found myself reading sections that I didn't even need to. You need an expert guiding you through the actual job application steps, the background check steps and, most importantly, the emotional ups and downs, especially if you're alone. That's what this is, not a book, but a personal coach and support system.

It is with great pleasure that I put my voice on paper! After spending many years working in an entry level position, working hard with no reward in return, it was like I showed up, clocked in, and clocked out, without my presence being felt or heard. I wanted more. I wanted a career but my confidence had been stepped all over for so many years! my boyfriend had read this book and was amazed! He strongly encouraged me to read this book and after reading it, he said my life would change drastically, and it did! An Administration position opened up, now never in a million years would I have ever applied, however after studying Hans's material, I realized that I have been settling for so many years and that I deserve more, to be heard, I deserve to install my voice in the professional world. I followed all the steps that the book talked about, and you know what? One morning I woke up and was a new person, I felt like I was a BOSS!! I felt that no matter what, I would be able to succeed and my mental state took its path that led me to obtain a career that not only pays me WAY more than what I was paid before, but has led me to be recognized by all my colleagues and most importantly I have left an imprint into our company's values and objectives. I now have a stable and promising career as a Workflow Analyst at a major hospital in California!! highly recommend this book "Interview Like A Boss" to anybody who strives for success and more importantly to those who struggle to live life due to obstacles that have been placed before them! Sincerely, Valerie Estrada

Based on all of the online feedback, I took a chance and picked up a copy of this book. Being out of work, I had already applied to a couple of jobs, but I was getting no responses. Like zero. Following the book's suggestion, the first thing I did was borrow a couple of thank-you note examples and sent them off. And the very next day I get a call to interview, and I'm like "what the heck?" Even with a B.S. degree in Social Work and years of experience helping countless others with job placement, I felt totally frazzled now being the one having to go out there and get a job. Day one, I receive the book in the mail and it's paid off within 24-hours. So on Wednesday I went in to my interview, and fortunately I studied the Q&A and negotiating salary section that saved me when the subject turned to money. He asks, "how much did you get paid at your last job?" and I responded with exact same answer I memorized straight out of the book and not only did I avoid that classic trap, I actually ended up bumping up my hourly. Yesterday (Thursday) I received my job offer. Started working today :) Thank you Hans, your book got me hired.

I was afraid to write too much for fear people wouldn't stop to read it. Wow. There was so much more than I expected in this book. I have looked for years for solid answers about applying for jobs. This situation is made worse because of all the questionable information online: what's good? What's not? Well this book definitely sets the record straight. What immediately stands out is the book says everything I know I'm supposed to say but it just says it better than I could in any of my attempts. The sections on emotions and confidence are so original and so powerful, it almost falls in the category of "I gotta see it to believe it." It literally changed how I see the world. I know that people like to throw out book suggestions to make themselves seem really smart or interesting, but this book stands out because it explains so many things in an easy to read way that really makes sense. A tool rather than airy bland bullet points from some random website on what you "ought to do." Shawn W.

I bought this book because let's face it I need all the help I can get. I am an educated person and don't have too many problems bouncing back on my feet. As I do have a variety to choose from when it comes to education, I also have quite a few gaps between employment due to being a

caretaker. I had an interview and had not worked in almost 2 years I had no idea where to start from. I started reading interview like a boss and realized all in one I had a play by play of how to present myself from the very basics like what business casual means, how to put a resume together and most of all how to answer the difficult questions like why did you leave your last job. This book is a MUST buy MUST have! Don't stress if you have a not so clean background because this book teaches you how to answer those questions too!! Like I said a MUST have MUST buy and a MUST KEEP CLOSE BY BOOK!!

I've had my copy for a month now and I LOVE this book. I'm seriously mind blown by far, one of the best books I've read. No more second-guessing about cover letters and resumes and applications and interviews and getting hired. Everything is made so easy especially if you're bad with words. The truth is I've come to feel even more excited about the future, something that I didn't think was possible.
