The Unofficial Guide To Disneyland 2018

Synopsis

The most thorough guide to Disneyland and Disney's California AdventureA great destination and thorough preparation are what make a wonderful vacation, and The Unofficial Guide to Disneyland 2018 makes Disneyland one of the most accessible theme parks in the world. With advice that is direct, prescriptive, and detailed, it takes the guesswork out of the reader's vacation. Whether you are at Disneyland for a day or a week, there is a plan for your group or family. You can enjoy the rides, activities, and entertainment instead of spending your time in lines. The Unofficial Guide to Disneyland authors Bob Sehlinger, Seth Kubersky, Len Testa, and Guy Selga, Jr. present the information in a comprehensive way that permits easy comparisons and facilitates decision making. There are detailed plans and profiles of hotels, restaurants, and attractions that are presented in "at a glance" formats that provide for near-instant communication of the most salient information. Profiles are supplemented by indexes. In short, we've got a plan for every reader. The Unofficial Guide to Disneyland's research team is a multidisciplinary group consisting, among others, of data collectors, computer scientists, statisticians, and psychologists. Their singular goal is to provide a guide that will let you get it right the first time and every time. With their help, advice, and touring plans, the reader will have a one-up on anyone else not using The Unofficial Guide to Disneyland. The book is the key to planning a perfect vacation in a great destination location.

Customer Reviews

"If you're looking for a reliable guidebook, the leader is the Unofficial series."--The Mail (London)"A Tourist's Best Friend!"--Chicago Sun-Times"Indispensable"--The New York Times

The Top 10 Ways The Unofficial Guide to Disneyland Can Help You Have the Perfect Trip: 1. Every attraction rated and ranked for each age group, based on interviews and surveys of more than 6,100 families 2. When to go: the best times of year and the best days of the week 3. Comprehensive coverage of Universal Studios Hollywood 4. All the Disneyland area hotels rated and ranked for value and quality 5. Field-tested touring itineraries for adults and families with children 6. Complete coverage of Disney's California Adventure theme park 7. Tips and warnings for first-time visitors and those with special needs 8. Proven strategies for planning the perfect Disneyland vacation with small children 9. How to find and meet the Disney characters 10. Unvarnished, practical advice for families, couples, honeymooners, and singles! --This text refers to an out of print or unavailable edition of this title.

Several friends recommended older versions of this book, but I was going to pass on it since I'd been to DL a few times in my life. I bought it anyway and I am forever grateful. The difference between frustration and joy at DisneyLand can be a fine line when traveling with kids, and this book kept us firmly on the joy side the whole way. The descriptions of how each ride might be received by various age kids was great. Having a reasonable idea of what rides my 8 and 11 year olds would like before getting there saved us lots of time, and you cannot spend too much time in lines for rides you won't like at DisneyLand and enjoy the day. Lines can vary from 5 min to over an hour throughout the day, and optimizing your trip (while it sounds mechanical) makes it much more fun. The MouseWait iPhone app was also priceless in this regard, often more accurate than Disney's own line length estimates(!) If for no other reason, the tips on getting selected for Jedi Academy was worth the price alone. Extra bonus for the Universal Studios section which again saved us lots of time even though our first attempt at Universal was turned back by a power outage at the park. Is this the best guide? It didn't tell us where to find a gallon of milk, but that's about it as far as we were concerned. It was well worth it for us.

I've used this book and 2 copies of Birnbaum's book (Disney and WDW) and this book blows what used to be the standard (Birnbaum) away. Birnbaum's Disney book doesn't tell you anything you can't find on the Disney website. The author's of this book are obsessive Disney fanatics and have put their love for Disney along with science to make an awesome guide. You read it and question

"who in the world collects this kind of data about Disney?"... But once in the park, you realize it's accurate. Follow this book and you will save hours in the park and will have a vastly improved experience at Disneyland. I compare last year without the book to this year with the book and it's like night and day. I look back at last year and feel like a lost ant in a jungle. With this book, we were able to put together simple plans and strategies which made our visit to DL, during the busiest time of the year, extremely enjoyable. I can't imagine what it'll be like when we return in the off season. A trip to DL without this book is just that, a trip. With the book, it's a vacation. Buy it and read it before you go!!!

I bought the first version for WDW back in the early 1990s and had a chance to go to Disneyland this year. It's a pleasure to see that it is still the same great amazing guide that it was then - even considering how much the parks have grown and changed in the past decade alone. You buy this book to save yourself time mostly - though there are great tips for saving money too. Use the guides to get around the park quickly and efficiently, avoid time sinks, avoid lining up for rides at the worst possible times, and making efficient use of all the parks have to offer. The book is best utilized well in advance of the trip to help with the planning process. It's called the unofficial guide for a reason - the authors will give you tips that those associated with Disney won't or can't. I used this in conjunction with the advice given on [...] - one saved me money and the other made the Disneyland experience pleasant rather than tedious and boring. I give the book as gifts to anyone planning a Disneyland or Disneyworld vacation.

We purchased this book just a week in advance of our trip to Disneyland. Even skimming it, I found incredible nuggets of wisdom and advice. We visited the park for one day with three adults and three children (ages 14, 9, and 7) and were able to ride and experience everything at the top of each of our lists, and many more. The touring plans are the best book recommendation by far. Even if you're skeptical, I highly encourage you to use one the authors created or to use one as a template to create your own plan. It seemed counter intuitive to walk by rides we wanted to do in order to get to others further away, but the research was right and the lines truly did work in our favor. The local friends who joined us were amazed by how much more successful our visit was than any other time they've visited the park. The supplemental website [...] is terrific too. This book will be the best investment you make on your trip to Disneyland. It is a sure bet when it comes to creating a day that the whole family will enjoy, whether you are truly young or just young at heart.

Complete and up-to-date! Covers Disneyland and Disney's California Adventure. Includes hotel and restaurant ratings. The guides for getting the most out of your trip to Disneyland are worth the price of the book alone. Of course, you don't have to follow the guides exactly. But, by reading them through they give you great insight into how to maximize your time in the park and see what you what to see in the time you have ... even with crowds. I wish I had this book on my previous trips. I know they would have seemed a lot less frustrating and harried I had been to Disneyland twice before I found this book so I can tell you first hand what a difference this book makes in trip planning and in making your day at DL the most complete. The book covers every ride and attraction at DL. It has great information on the local hotels. It has goobs of information on going to DL with kids of all ages. If you are not experienced at doing DL, then get this book. Because of the information in this book you'll be able to see and do twice as much especially on busy days at the park. If you are going to Disneyland, do yourself a favor and get this book. It's worth its weight in gold. 5 stars at least!
