You Gotta Want It

Synopsis

In this extremely positive, motivational, and often laugh-out-loud memoir, Jake Paul pauses long enough from his supercharged day-to-day as a nineteen year old social media heartthrob and costar on the Disney Channel series *Bizaardvark* to share his takes on life, love, fame, and shooting for the moon. Growing up as a regular kid in Ohio, Jake Paul always knew he wanted to do something big, but he wasn't sure what that thing was—that is, until he found his calling as one of Vine's most famous comedians. As a high school sophomore, Jake began making comedy videos with his older brother, Logan, and posting them online. With every carefully staged prank, Jake and Logan's following grew—and after a few stumbling blocks, Jake finally forged his own way. Eventually, he traded his childhood home in Cleveland for sunny, sparkling Hollywood. In *You Gotta Want It*, Jake reflects on the path that led him to stardom. From learning the value of a disciplined work ethic, to achieving his goals and aspirations along the way to digital celebrity, to the crazy behind-the-scenes details of his journey as a creator and actor, Jake relates the most hysterical and intimate details of his life thus far—all with the signature humor, honesty, and unstoppable attitude that have won him millions of devoted followers.

Granddaughter loved it

Been trying to get my grandson to read but he hates reading. However, he knows all about several "YouTube stars". When I asked him how learned all these facts his answer was "I read it online". So, I researched some of the "stars" he really likes and found this book. He loves it! He really wanted to enjoy reading but just couldn't get in to it.....he asked if I thought he might like reading now. This may not be a chapter book on the list of suggested reading for 4th grade but he is reading and for me that is success! Thank you Jake Paul.

Really good! You get an insight on Jakes life and what he did to pursue his dreams. He also gives at the end ways to grow your own following. Above all it's good because you get to see that even verified people on Twitter and Instagram are still normal people and make mistakes too.

My daughter is in luv with this Jake Paul! If this makes her read I'm impressed! She says it's a good book so far and lots to learn! 2 ã Â Â'Â•Ã Â Â•Â»Ã Â Â'Â•Ã Â Â•Â»!

This guy has as much wisdom as a cucumber.

Jake is my all time favorite YouTuber and this book is just amazing!

Tried to read it, couldn't get through. This book has no depth, not interesting, full of cliches. It reads almost as his vlog, just nuances from a young guy just oblivious to the world and self-absorbed.

Yeah, because nipples are so inappropriate. Better rip your grandson's off asap ^
