Customer Reviews

Franko Maps Ltd. is known for producing the best travel, dive and snorkel maps, guides and fish cards for Hawaii and other locations worldwide.

Years ago while in Hawaii, I picked up some of these map/placemats. There was quite a variety. This time, while on the Big Island and Oahu I didn't see any so I got on line when I got back home. The best available was the ones I ordered of the Big Island. They are fine but I would have liked a choice of each of the islands on a laminated placemat. A bit more variety would be useful and also the cost of what I got seemed a bit high.

The map is excellent quality and has a lot of information. We used it on our vacation and found some terrific places to visit that we might have otherwise missed.

Great map used it everyday while on the Big Island

It's nice it's laminated, but since it is not made to fold it has to be rolled and therefore is a bit awkward to fit in smaller bags.

It is hanging on the washroom wall so I get to refer to it daily for planning and entertainment!
