Conversational Arabic Quick And Easy: Egyptian Dialect, Spoken Egyptian Arabic, Colloquial Arabic Of Egypt

Synopsis

THIS BOOK DOESN'T CONTAIN ANY ARABIC LETTERS! ALL ARABIC WORDS IN THIS BOOK WERE WRITTEN IN ENGLISH-TRANSLITERATION! IF YOU NEED EXTRA ASSISTANCE IN THE PRONUNCIATION THEN PLEASE PURCHASE THE AUDIBLE VERSION! Have you always wanted to learn how to speak the Egyptian Arabic Dialect but simply didn't have the time? Well if so, then, look no further. You can hold in your hands one of the most advanced and revolutionary method that was ever designed for quickly becoming conversational in a language. In creating this time-saving program, master linguist Yatir Nitzany spent years examining the twenty-seven most common languages in the world and distilling from them the three hundred and fifty words that are most likely to be used in real conversations. These three hundred and fifty words were chosen in such a way that they were structurally interrelated and, when combined, form sentences. Through various other discoveries about how real conversations work, discoveries that are detailed further in this book, Nitzany created the necessary tools for linking these words together in a specific way so that you may become rapidly and almost effortlessly conversant now. If your desire is to learn complicated grammatical rules or to speak perfectly proper and precise Arabic, this book is not for you. However, if you need to actually hold a conversation while on a trip to Egypt, to impress that certain someone, or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. This book is recommended for those who already have some prior knowledge of the pronunciation of Arabic accents (such as the Arabic accents: ayin, ghayn, ha, and khaf). For those of you who do not, this book does indeed provide some great, in-depth techniques on the pronunciation and recognition of these accents, that you will encounter throughout the program. These techniques have proven extremely beneficial for beginner students who were previously unfamiliar with these accent pronunciations. But keep in mind this isn't a pronunciation book. This method is designed for fluency in a foreign language, while communicating in the first person present tense. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. Therefore, unlike other courses, all words in this program are taught in English transliteration, without having to learn the complex alphabet. More formalized training in grammar rules, etc., can come later. This is one of the several, in a series of instructional language guides, the Nitzany Method's revolutionary approach is the only one in the world that uses its unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible. No more depending on volumes of books of fundamental, beginner, intermediate, and advanced levels, all with hundreds of pages in order to learn a language. With Conversational

Arabic Quick and Easy, all you need are fifty-three pages. Learn Arabic today, not tomorrow, and get started now!

What prompted me to purchase this book was the fact that this entire book was in English transliteration (Latin letters) since taking on the pain staking task of learning to read Arabic isn't on my agenda at the moment. It was an amazing book, very informative, and interesting. Shukran

Easy to understand, light read Gets the point across to learn this dialect. If planning to travel to Egypt as I am in a few months , very handy.

I feel that I need to be honest over here. I was a little disappointed buying this book. It doesn't actually have the Arabic letters. It only has the phonetic translation. I think the preview of the book should show the actual pages of the book....not just the introduction and table of contents. It

I love the basic method of teaching in this book, it has pretty much good content for beginners. I need an overview of this language if I ever travel to Egypt. Different from regular Arabic, for instance "how" is kif but this book taught me in Egyptian you say izzay. "Day" is youm, in Egyptian it's innaharda.

Egyptian Arabic has always been challenging for me, mostly due to the lack of sources on the market to learn this beautiful dialect. Egyptian is hard but the teaching system in this book is slowly helping me overcome it. I still can't believe in the past I wasted my time self teaching myself Classical Arabic when I could have learned this instead, since now i am realizing nobody speaks the official Arabic language except for news, politics, etc.

Excellent lessons and a wealth of accurate information to learn the Egyptian Arabic. This book taught me, among many other things, that J in Egyptian Arabic is pronounced as G, I had no idea. I am very happy with this wonderful book.

This book is perfect for someone who is just starting to learn Arabic. My dad is from Egypt and i hope to visit our extended family in Cairo one day. Method is great and it works perfectly.
