Fundamentals Of Federal Income Taxation (University Casebook Series)

Synopsis

Adopted at over 100 schools, this casebook provides detailed information on federal income taxation, with specific assignments to the Internal Revenue Code, selected cases, and administrative rulings from the Internal Revenue Service. The revised and updated Eighteenth Edition retains the book's long standing format and much of its prior materials, but it is updated to reflect recent events including all legislative developments, especially the Protecting Americans from Tax Hikes Act of 2015 (Pub. L. 114-113). The new edition contains coverage of updated tax rates, the permanent extension of various tax provisions, final regulations on capitalization, the Ninth Circuit's opinion in *Voss v. Commissioner*, and IRS guidance on the tax rules for same-sex married couples. The Eighteenth Edition also features revised and reorganized coverage of: (1) the cost recovery system (including Â§ 179 and 168(k)), (2) the cash and accrual methods of tax accounting, and (3) the tax treatment of original issue discount and the time value of money provisions.

Best Sellers Rank: #21,665 in Books (See Top 100 in Books) #7 in Books > Textbooks > Law > Tax Law #14 in Books > Law > Tax Law #101 in Books > Law > Business

Customer Reviews

I rented this textbook for my tax class. The book is very well written. It discusses cases and refers to sections of the tax code. This textbook is one of the best books out there to get an understanding of US tax laws. The book is in good condition. Done highlighting and scribbling present. But the binding is intact and no wear and tear or stains on pages. It is a little outdated since the 17th edition was recently published and is available for sale. The seller Shipped this item immediately. Very smooth transaction. Seller is highly recommended

I ordered the book on Tuesday 16 August 2016 and received it today Thursday 18 August 2016. It is hardcover and New just as it was described.

This book is great if you want to learn about the basics and foundation of federal income tax. However, as we all know you can't know everything Tax. No one can. So if you are already in the business this is a great way to really begin to understand 98% of the things you will run in to. For the other 2%, call up a homie!

It was a clean book.

Needed for classroom

This was the required book and it was in great condition and a helluva a lot cheaper then the campus bookstore

well worth the money!

Super fast shipping. Item as described and in excellent condition. Thank you.
