Customer Reviews

I'm learning from this book. I love how you get the play along sounds with it.

Wish it came with a DVD!

Nice, easy to follow instructions. Well illustrated. Chords included. Well worth buying.

This is not a real training method, it is rather a song book with some chords. disappointing to say the least.

I like what's there-using the book now but I was hoping for more content or a Book 2?

Don't
