Advanced Funk Studies: Creative Patterns For The Advanced Drummer

Synopsis

Included in Modern Drummer magazine's list of the 25 greatest drum books, Advanced Funk Studies will help take your groove to the next level. With author and renowned drummer Rick Latham as your guide, you'll learn hi-hat, funk, and fill patterns. Many of the ideas in this book are derived from some of the most famous and proficient funk drummers. The accompanying audio CDs provide examples of the exercises.

Best Sellers Rank: #103,774 in Books (See Top 100 in Books) #41 in [Books > Arts & Photography > Music > Instruments > Percussion](#) #880 in [Books > Arts & Photography > Music > Theory, Composition & Performance > Instruction & Study](#)

Customer Reviews

"A valuable addition to the area of percussion instruction literature." -- Harold A. Jones, Associate Professor of Music, East Carolina University
"Advanced Funk Studies is a well written and informative addition to drum set literature." -- John Beck., Percussion Instructor, Eastman School of Music, Timpanist, Rochester Philharmonic
"Latham's book Advanced Funk Studies is one of the best books on the market." -- Ed Shaughnessy, Author, Teacher, Clinician, NBC Orchestra, The Tonight Show

I am enjoying this book. It has some great 'meat and potatoes' hihat patterns. If anyone has played-even for quite a while- it is possible that you have overlooked something basic. The hats section is great for filling in the blanks. The funk patterns section is flat-out fun. You can't help but feel the attitude. The transcriptions section allows you a peek inside the brains of some of the greats: Steve Gadd, David Garibaldi, Harvey Mason, etc... There is also a solo section, which I haven't tackled yet, but looks to be challenging and entertaining. There are 2 cds included.

Additionally, any creativity on your part in the way of stickings and voicing expands the possibilities exponentially. I believe that you will find that this is money well spent. Grab your sticks and enjoy!

It only took me 15 years to finally purchase this great book. For my personal use and also have some students interested in learning from it too. Full of great grooves, fills, and patterns. thanks!

Awesome!

a little complex at first. you don't always "feel" the groove. but eventually it sneaked into my playing. a good book overall though a little short on material.

Classic Book. An awesome foundation for all drummers trying to learn to play funk. Based on the age of the book it covers classic funk beats rather than contemporary styles. With that said, the contemporary styles are all rooted in the grooves and patterns in this book.

This is a good book for beginner to intermediate players who want to learn more about funk drumming. There are also given funk patterns by famous drummers.

Great book! Get it if you're serious about being a groove master.

good product .. lots of work to do
