I bought this for my son for his 2nd birthday and out of all the toys, this is the only toy that he is really in love with! I can't believe it! He LOVES this book! Maybe it is because it has bright colors and flaps, almost like a whole book of peek-a-boo. This book and other books by this author are a huge hit, and I would definitely recommend to any mom or anyone looking for a toddler birthday gift.

I gave this to my son for his first birthday and he loves it. We sing the birthday song at the end and he blows out the candles. This book is obviously a lot like the authors other books (*Where is baby's belly button*). I wouldn't recommend letting your little one look at it on their own since the flaps are made of thick paper but still are fairly easily ripped in the hands of a curious toddler.

I recently purchased this book for one of the toddlers in my pre-school class as a birthday gift. My son also loved this book when he was younger and he actually still pulls it out every once in a while at age 5. Lift the flap books are really great for child development and motor skills. We have several Karen Kats lift the flap books and the kids love being able to help lift the flaps as we read. I would recommend this book mainly for ages 1-3.

I purchased this book before my daughters first birthday, so she could get familiar with what a birthday party is all about. She loves lift the flap books and this is no exception!

Baby loves to lift the flaps and find the surprises!

The book itself is cute and holds my children's attention. It is colorful. I had to tape one lift flap after the one year old began to separate it from the page. I was disappointed that the colors and textures that we had in our copy of *"Where is Baby's Pumpkin?"* which we purchased several years ago were not repeated. This is still a good book, but I think the publisher is trying to save costs.

I ordered this book *"Where Is Baby's Birthday Cake?"*: A Lift-the-Flap Book by Karen Katz

Lift-the-Flap Books, for my great niece's 1st birthday. It was a real hit!!!! My niece, has other books by this author and her children love them and so was delighted to receive this book for her daughter Elle's 1st Birthday! Elle loved it too!!!! :) Thank you.

A mailed out gift.
