Who Was Steve Jobs?

Synopsis

Steve Jobs, adopted in infancy by a family in San Francisco, packed a lot of life into fifty-six short years. In this *Who Was?* biography, children will learn how his obsession with computers and technology at an early age led him to co-found and run Apple, in addition to turning Pixar into a ground-breaking animation studio. A college dropout, Jobs took unconventional steps in his path to success and inspired the best and the brightest to come with him and exchange the world. •

Pamela Pollack and Meg Belviso have co-authored several children's books, including *Who Was Nelson Mandela?*, *Who Is J.K. Rowling?*, and *What Was the Alamo?*

Great. Thanks.

Daughter read this book for a book report and we all learned alot about mr. Jobs. Very instersting read that everyone one should try.

We love The Who was/who is line of books. Very informative and an interesting read for kids. Bought a few for my nephew. He loves them and wants more.

I have a special education student who loves these books. He has not read this one yet, but I am sure it will meet his expectations.

I thought the book was great. It was perfect for my book report and the timeline was very helpful. The book had specific key events that really narrowed down the information. I recommend the book to all people, old or young.

This was a gift for my 15 year old nephew, who absolutely loves to read. It may seem a little elementary but it's a great introduction to the biographies of those we know so much about, yet so little.

My grandson had a research paper to do on Steve Jobs. This book was a real help and gave a lot of back ground information in a simple and straightforward manner. He was able to get a lot of basic information here and then go to other places if he needed to expand on the basic information. Very well done for an elementary school child.

If you enjoy computers (and it's history); and, other electronics, you'll have a deep appreciation for the life (described in this book) of Steve Jobs. He was a true visionary.
