Customer Reviews

Large blobs of yellow "urban areas" make map very hard to read. They are also inaccurately placed, misleading... Also, major towns are missing!! If I noticed these problems the first time I opened the map, I'm sure there must be more errors as well. Thank heavens I was born in and live in Connecticut so I could identify problems right away.

A whole lot better than turning pages in an atlas. Easy to read and much more detail. Top quality

map!

Just like it says: Easy to Read. good to keep in the car. Keeps working when GPS breaks - or doesn't exist.

Wanted a hard copy map for my daughters' "return home" bag for their vehicles. Used to highlight alternative routs home with way points and dead drops. Highly recommend.

I just moved to this state and this is so helpful- I love poring over a paper map, and teaching my grandsons how to read it.

Need this for upcoming trip!

We love these maps. We do a long distance motorcycle trip each year and these are the best to help us map our journey.

What can one say about a map, except it is what it is. Needed it for some travel and this was the easiest and best place to get it.
