## Customer Reviews

My grandparents had this coloring book at their house when I was just a little boy who loved airplanes and came over to visit whenever I could. I colored every single plane in the book, albeit not that well for my skills, but I loved it! I was on a bit of a nostalgia kick recently and discovered the same book was still available, and so I bought this to add my collection of aviation items from my past and present. What a treat!

EVEN better than expected!

Got for my Dad for Father's Day he loves them.

Loved it. Started coloring right away.

Fun coloring

great detail

I use these "Coloring Books" as a reference tool ... They are a low cost information center for the Aircraft artist!

I have not given these books (got 5 different ones) to my grand kids yet, but they look really great.
